

Golf is in your Blood Maryland Golf Open

Join HFM for the 2009 Maryland Golf Open on September 28th

Our annual golf tournament will be held on September 28, 2009 at the Cattail Creek Country Club in Glenwood, Maryland. Cattail Creek is a beautiful course and every hole throughout the course's rural setting is unique. One of the holes was blown out of rock wall with dynamite and the signature hole, #11, a 393-yard, par 4, has a drop in elevation equivalent to a four story building. Cattail Creek is now recognized as one of the top 10 courses in the state of Maryland. So, if golf is in your blood, this is a course you do not want to miss playing!

The shotgun start is scheduled for 9:00 a.m. and will be played in a Captain's Scramble format.

The day will end with a delicious buffet style dinner with a two hour open bar.

HFM utilizes each dollar raised from this tournament to provide funding for research in search of a cure, produce education programs and materials, offer financial assistance to families with these expensive disorders, and for many other needed services and programs.

Golfer registration is \$150.00 per golfer or \$600.00 per foursome. If you cannot join us for a wonderful day of golf, please consider sponsoring a hole at the Maryland Golf Open for \$200. For more information, please visit www.hfmonline.org or telephone the foundation office at 410-661-2307.
